

PALEONTOLOGY PROGRAM

Business Focused Cultural and Heritage Resources Management

Our staff skillfully guide clients through an assortment of Federal, State, and Local-level laws and ordinances governing the treatment of paleontological resources.

OUR SERVICES

Our highly-skilled professionals have successfully completed hundreds of paleontological resource investigations throughout the western U.S. and have demonstrated the ability to provide first-class work on schedule and in budget.

- Museum records searches and desktop reviews
- Paleontological field surveys and assessments
- GIS mapping of paleontological sensitive areas
- Impact assessment in support of NEPA, CEQA, or other regulatory requirements
- Monitoring and mitigation plans
- Construction compliance monitoring
- Matrix sampling and picking
- Fossil salvage and recovery
- 3D modeling and printing of fossils
- Laboratory preparation, analysis, and fossil identification
- Museum curation

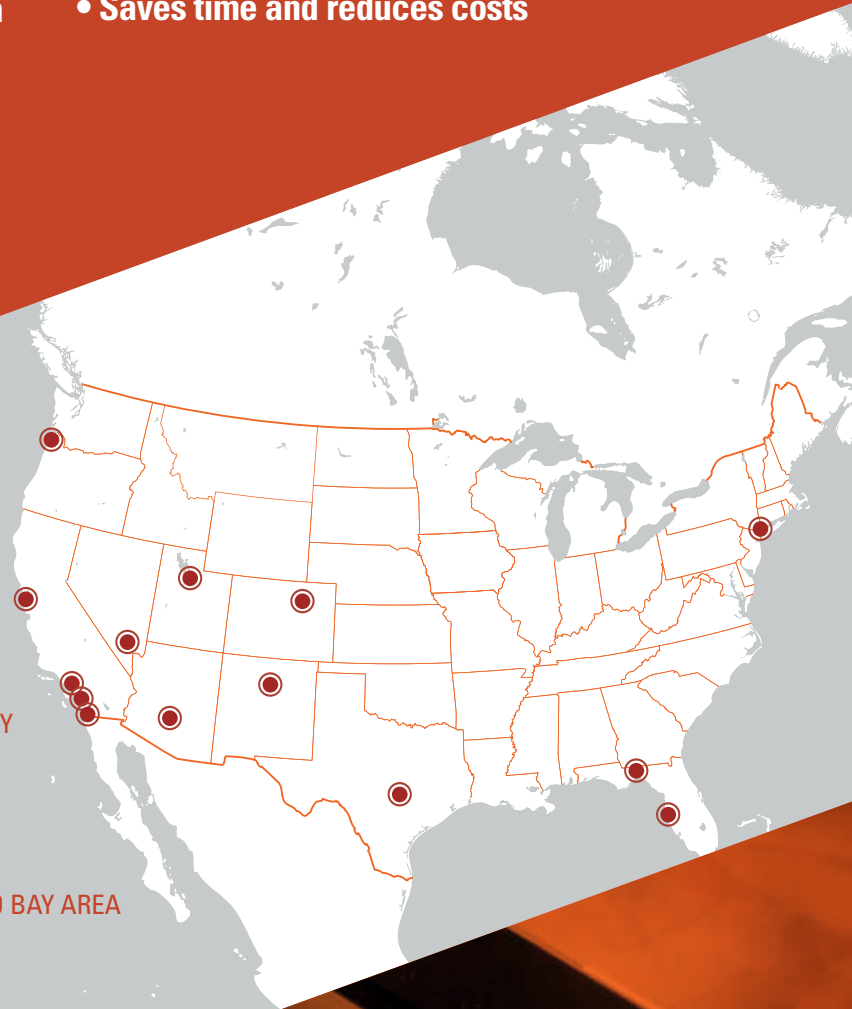

THE PALEOWAY

The nation's first all-digital firm of its kind, PaleoWest has developed the premier approach to projects, employing a fully digital workflow for data collection and management. We use state-of-the-art technology and the latest trends in research and historic preservation to ensure maximum efficiency and that our clients' compliance needs are met.

- Eliminates digitization after fieldwork
- Eliminates redundancies in data entry by autofilling (e.g. names, dates, locations)
- Reduces error by requiring appropriate data in crucial fields
- Improves data security through continuous data backups
- Speeds projects through to completion
- Saves time and reduces costs
